

2/14/12 – All MyDigitalSSD solid state drives now include a standard three-year warranty

We at MyDigitalSSD, have decided to **increase the warranty** on all MyDigitalSSD solid state drives from one **to three years**. You can relax knowing that in the rare chance your MyDigitalSSD product stops functioning properly and you got it less than three years ago, we'll replace it 100% free of charge.

Safely experience the great performance of drives such as the popular **MyDigitalSSD Bullet Proof 50mm mSATA**, which delivers random read/write speeds up to 40X than even the fastest traditional 2.5 inch hard drive. There is also the **MyDigitalSSD Bullet Proof 2.5" SATA II SSD**, capable of storage capacities up to 512GB.

MyDigitalSSD drives are the ideal upgrade solution for increased productivity over stock HDDs. With three year warranties, there is no risk involved in seeing the difference for yourself.

We welcome distributors, manufacturers, retailers, and end users to experience the difference MyDigitalSSD products make in products ranging from notebooks, tablets, mobile devices and more. At MyDigitalSSD, get the performance and reliability of the big name brands without the big name prices.
